

Chart and Compass 2010 Update

Chart and Compass 2010 is our five-year strategic implementation plan. The plan focuses on the following: caring for one another, making a distinctive contribution to the character of public life, educating ourselves and others, better communications and increasing capacity to assure our infrastructure accommodates worship, religious education and programming. The following presents the latest information on the work by some of our implementation teams.

Facilities: After an extensive review and evaluation process, three architectural firms have been selected to make formal proposals for the expansion and improvement of our buildings. They are WKMC, Architexas and Good, Fulton & Farrell. Steve Crozier is leading the Facilities Team and welcomes your input. The Team expects to select the firm by mid July.

Social Justice: An all-church survey asked members to rate the social areas of greatest interest and concern. The Social Justice Team will use the results to focus its educational and community support work. The 140 respondents rated the following as the highest areas of interest: civil rights and liberties, local community issues, the environment and democracy.

Next Update Meeting: The Team Leads and Leadership Committee hold regular meetings the fourth Tuesday of every month. You're welcome to attend. The next meeting is **Aug. 22 at 7 p. m.** In addition, the next regular all-church progress report is **July 30** in the sanctuary after church services.
